

Belnap Family Organization

Minutes of Meeting May 9, 2014

Present: Audrey Jobson, Ben Reeves, Jim Marriot, Diana Schultz, Pat Johnson

Meeting was held at the home of Diana Schultz at 4677 West 4600 South, West Haven, Utah

1. Pat was asked to send an email to all representatives about possible candidates for BFO Historian. The position would include gathering historical information about the Belnap family including obituaries, present day achievements, and histories. The historian would also compile a list and location of historical artifacts available for family members to see, such as Adalines wedding dress and Gilberts family bible. Both artifacts are now at the church historical museum.
2. We need to get information from Brent Belnap about the website and how to update. Is anyone paying the annual website fee? We need someone with WordPress expertise to help with the website.
3. Jim commented on histories from a woman's standpoint. He has some interesting histories about Gilbert from the women in the family. If we post the histories on Family Search, they would be available for all to read.
4. Fort Limhi monument in Idaho needs some restoration work on the trail and grounds if anyone knows of a scout troop or an organization looking for a project.
5. Diana will make a flyer about the reunion to be sent to the Gilbert representatives. They will need to pass it along to their families.
6. Possible agenda for August reunion – Hooper church at 5600 South 5100 West:
