

Tax Commission duties

Besides having to have a fair knowledge of all functions and quasi-judicial powers each member of the commission had special assignment assignments were

Finance & Auditing
Real & Personal property assessments
Miscellaneous taxes
Sales, Income, etc
Motor Vehicle & Branch Offices

The latter was my specific assignment & was the latter. Motor vehicle - etc included such items as Registration & Motor Vehicle licenses Trucks - Local & Out of state registration Truck & trailer reciprocity licenses in other states so that Utah vehicles will pay only a portion of other state registration fees that the miles traveled in other states bears to the total miles traveled by the vehicle. This requires a great deal of negotiations ~~and~~ with other states.

Licensing of all Utah Dealers in Motor equipment and all salesmen.

Each state has an motor vehicle association to help them in their laws, other state vehicle registration - travel thru ports of entry Utah has such an association. Mr Dorrel Kelling was its paid manager who wrote this letter.
