Though crowded there was a universal spirit of enjoyment in the party. Dancing was kept up with spirit. The dinner was most excellent, and was served in fine style. Bishop Hunter and his counselors, Bishops L. W. Hardy and Jesse C. Little, were tireless in their exertions as entertainers, and nothing was wanting on their part to make the social gathering a complete success.

ALDERMAN'S COURT.-The case of Joseph stands over until next March. Silver for selling goods without a license was brought up this morning at 10 o'clock. During the examination the following peculiar petition was produced:

Salt Lake City, Oct. 3d, 1870. To the Mayor and members of the City Council.

Gentlemen:-The undersigned kindly asks you for a renewal of his license for groceries and provisions.

Gentlemen, should you see fit to grant me my request, if you have any consideration for my feelings, you will not send either Judge Clinton or either one of the regular or secret police to deliver the license, for whenever I see one or more or the class of men named, I am both annoyed and pained.

natural for men of this class to have this avowal of his wish to keep out of their sight.

The defendant was notified, on Oct. 8th, that license was granted to him and as he continued selling goods without paying for the license, the City Recorder, Mr. Robt. Campbell, made complaint accordingly, in the Alderman's Court, on October 10th, and a warrant was served on him on the afternoon of the same day. The defendant asked Mr. Campbell why he did not present the notification, that license had been granted, himself. Mr. Campbell said he had not done so in any case, and that it generally devolved on the Captain of the Police, and why it was not done in the present case. Justice Clinton fined the defendant \$10. the fine, was proffered, which was not accepted. Defendant's council gave notice of an appeal to the District Court.

FIRE.-A fire broke out in the Arsenal, on Arsenal Hill, at twelve o'clock to day. The first intimation of the occurrence was the building being seen enveloped in flames and there not being any water near, efforts to subdue the fire would have been useless; the building and its entire contents were completely cousumed. Brother David Hilton, who had charge of the place, says that it must have been set on fire by an incendiary as it was locked up and had not been visited by any person since Monday. An idea has prevailed, in some quarters, that the building contained arms and am-CRICKET MATCH.-Yesterday a game at munition. It has lately been used as a

He presented them to the Museum.

FROM HEBRON.-Bishop Geo. H. Crosby. of Hebron, Washington Co., called yesterday morning. He reports the people prosperous in that region, but sorely exercised on account of the miserable manner in which the mails are carried. At the time the mail contracts were let last spring the people of Pinto and Hebron were given to understand that the stage would pass the defendant's own petition explained through those settlements to and from the Western valleys. It has, however, never been so carried, and of late the mail for Payment of the amount of license, without those settlements has been taken on South to St. George, so that it is from one to two weeks later reaching them than when carried by pony express from Cedar city. The people of Hebron, on the strength of a promise of the present mail contractor that he would carry the mail to that settlement, at which there was then no post office, providing a good road was made, turned out at their own expense, and made a good road. They nevertheless have since had it carried by chance ox teams passing that way or by other means equally slow and inconvenient.
