Diseases of the Eye, Ear and Deformities.

Dr. Culbertson, Oculist, Aurist and Surgeon, of Indianapolis, Ind., will remain but two days longer, when he goes to Salt Lake to remain two weeks from Tuesday, the 19th inst., at the Continental House. The Doctor treats all diseases of the eye and ear, all deformities, etc., club foot, spinal diseases, cross eyes, etc., as well as piles and fistula; inserts artificial eyes and has surgical appliances.

The Doctor made many remarkable cures during his professional visit last year, and is endorsed by the following well-known reliable gentlemen:

HOOPER CITY, Utah Ter.

All who are suffering from weak, sore or inflamed eyes or any disease whatever of the organs of sight or hearing should see the justly celebrated J. W. Culbertson, M. D., Oculist, Aurist and Orthoædic Surgeon of Indianapolis, who is now making another professional tour of the West. He made some remarkable cures in this country during his previous visit, and comes so highly recommended that none need hesitate to entrust the most difficult cases to his professional care.

GILBERT BELNAP, Asses. and Col. Weber Co.

FARMINGTON, Davis Co., Utah, September 31st, 1880.

My wife was afflicted with sore eyes for several years, and for two years previous to the time of treatment had scarcely been able to do anything. She was unable to bear any light, and the eyelashes hung passively upon the eye ball, and the eyelid had lost the power to raise them. One eye was almost blind.

We had tried everything we could hear of and paid several doctor's bills, but to no purpose.

About one year ago, Dr. J. W. Culbertson, of the Central Surgical Infirmary, visited this Territory, and we applied to him for treatment. An operation was performed by him, which has since been followed up by home treatment, under his direction. Now she is able to do her own work, her eyes being almost well, and still improving by the use of the doctor's medicine.

The charges are very moderate, considering the attention which has been given to the case.

I desire that every one should know the truth in the case, that those afflicted with diseases of the eye, ear or other deformities may find relief by applying to the gentleman who represents this infirmary.

Yours respectfully,

L. H. KENNARD.
