

Ogden Utah
Jan. 3/1916

Joseph Belmont
Preston Idaho.

Dear Bro,

When I reached home there was something's come
up that would in part hinder our coming on Feb. 4/1916
So I thought if you thought best to write in the middle
Jan. 3/1916.

Your letter has just come. I do not know hardly
what I could do, about buying you out. It was certainly
a quite a help to you when your \$1000.00 note and 2x0.00 note
was transferred to you for your share of the reserve fund.
or the Preston Sale Interest in the Payton House as we call it
sometimes. And I am still willing to help if all is agreeable and straight.

It will depend some on what you want for your
interest in the yard. Let us know the best price you will
sell for and then we can tell better what to try and do.

I hope our boys will always be able to get along as well
together as well as we have so far.

I have been thinking seriously of incorporating this yard
here and giving the girls and some of the boys interest, and then
some of the other boys interest up there, then see if I can
get out of some of this worry myself. If I did not incorporate
they might loose ~~out~~ what I have made

I hope all is well with you and yours

P. S.

Tell Earl that Arias
has received word that he
will be released in February

Truly

Joseph Belmont
