

Baird's Mills, Wilson Co., Tenn.

Aug. 25, 1881.

H. Belnap:

Duck River, Tenn.

Dear Brother, — You wrote us about the 1<sup>st</sup> of July, but we neglected to answer immediately, and let it go so long that we concluded that your address had been changed: so, for this reason, you have not heard from us.

We have, however, written Bro. Morgan of our movements, and as you have seen him of late, you will know of our labors. Elders Ford and Hammon are now with us, and all are well but Bro. Ford; who, as you may have heard, has rather a sore leg, but this is healing rapidly and we think will soon be well.

The Elders from Coffee County, told us of a letter received from you in which you expressed a desire to meet with us brethren in this part of the Conference on the second Sunday of next month.

We have concluded to meet you in this neighborhood if it will suit you to do so.

If you come on the train let us know what day you will come . . . , and some of us will meet you at Leesville with horse or a jersey, - also tell us what train.

If agreeable to yourself and Pres. Morgan, we shall follow the arrangements given below.

Bro. Hammond will start for Coffee County Saturday morning and visit the Saints a few days, he will about the first of Sept. go to Nashville on his way to N. Y.

Bro. Ford will remain in this neighborhood resting and attending to his leg; while Bro. Snow and myself will labor

some-where in this vicinity.

Pres. Morgan writes us that two Elders  
<sup>from home</sup> will join us in this field about the first-

They will be here on the second Sunday at any rate, and we can all meet to gather.

About the middle of the month Bro. H. thinks he will return from his trip East, and can join Bro. Ford here and together can go to Coffee county.

After the meeting on the second Sunday the Elders that are to go to East Tenn. can start from here.

We have written to Bros. Thurber and Bean now in Clairborne Co. and hope to hear from them by the time we hold our meeting on the second Sunday.

Of course if this plan does not meet your own and Bro. Morgan's approval, we shall be glad to make whatever alteration you or he may suggest.

The people here as a general thing  
are well. The saints are feeling well.  
We met with them last Sunday night,  
and held a Testimony meeting, at which we  
blessed six children.

Sorry to hear of your defeat? in your  
debate!!! The brethren all join in kind  
regards. We hope to hear from you soon.

As ever your Brother,  
B. H. Roberts.
