

3/18/59

Mrs Marion Herr -

Dear Cousin -

Here are two items that I found in Mother's things - thought you would like to have them for the Belnap History.

You can see by the inscription in this book that it is over a hundred years old. it should be a family relic.

I am pleased to pass these things on to you.

Annie told me you had Cataracs removed from your eyes - Well I hope your operation was as successful as mine - I can see as clear as crystal with both eyes. I am very grateful for this great blessing.

I think of you folks often and I am sure we are all proud to belong to the Belnap family.

Best wishes to you all

From Cousin Myrtha Kingsford

R. 3. Blackfoot,  
Idaho.
