Dear Flora

We are no better than we were when I wrote you last, Aunt Addie's girl (Helsa) has had another stroke and is not expected to live until morning.

I got 150 little chickens today going over to help with Helsa and Uncle Joe. Donor sick I am kept pretty busy yes Grand ma Knight <sup>is</sup> was one of the charter members of the Relief Society, and mother was there she was 13 years old on the 4 May 1844 and the wedding was on the 17 March 1844

Grand ma Knight's eyes were blue and her hair was a light shade of brown she was about 5ft 4  $\frac{1}{2}$  inches tall was quite fleshy in her younger days but got smaller as she grew older she was very refined and a very modest woman. neat and clean almost to extreme very particular about her dress

Flora do not worry over the bylaws  
they are all O.K. Willie O is looking  
after things all right

this is all I have time to write  
tonight

Mary Belnap  
of Love.
