
**Elder Joseph Belnap Sends Word
from Virginia.**

Elder Joseph Belnap, writing from St. Paul, Carroll Co., Va., July 10th, says that he is enjoying the best of health. His traveling companion is Elder Amos Cook, of

East Bountiful. Rain and mud abounds in the regions where they travel. The farmers are suffering from the continued rains, as much of the grain is sprouting in the shocks. It has rained for a month with not more than 12 hours of sunshine at a time.

Elder Belnap tells some very interesting experiences that he had in preaching the Gospel in that part of the world, in all of which the Lord has prospered him, and directed him to friends. His experience will be of lasting benefit. He sends the kindest regards to all his friends at home.
