

## A White Man's Whisky.

For several days past some Indians have been purchasing whisky in this city. Sheriff Belnap hearing of the breach of law decided to lie in wait for the offender. This enterprise was rewarded, yesterday, after spending considerable time, and he arrested John Gardner, of Lynne, in the act of furnishing the red man with spirits. The case of Gardner came up before Justice Dee, to-day, and was fined \$25 for the offense. Serves him right, others should take warning.
