

Becoming Interesting.

Sidney O. Stevens and Dr. O. F. Grout were arrested yesterday by Deputy Sheriff Joseph Belnap, the former on a charge of petit larceny and the latter malicious mischief. The complaint was entered by William J. Stephens and the trouble arose over the dispute regarding the affairs of the South Ogden Mercantile company in which all parties concerned are interested.

Stevens is said to have entered the company's store and taken possession of the keys of the safe, desks and building. Grout is accused of having forcibly entered the building and carrying away an overcoat—his own, by the way.

The young men went before Judge Cross and were released on their own recognizance.
