## Charged With Grand Larceny.

Sheriff Belknap and Deputies Lampert and Joseph Belnap last evening arrested John Sharkey and Gus Wilcox on the charge of grand larceny. The complaint was issued by Commissioner Ternes and sworn to by A. H. Borchet, who for some time past has been engaged in drilling for gas in Wilson's lane. The men are charged with having stolen a large amount of tools from the gas well and sold them to a second hand dealer. They were placed in the county jail where they will remain until Monday, awaiting a preliminary examination, in default of bail. The men have been working at the gas well and claim that they have been unable to obtain their full pay, hence the theft.
