

Feels Better Now Than For 30 Years

Fruitola and Traxo Used With Most Gratisfying Results.

"Fruitola and Traxo have made me feel better than I have for more than thirty years; I can now eat anything without having indigestion or heart-burn, and am free from those terrible dizzy spells and pains in the back and sides. One bottle made a new man of me." This is the statement of Mr. Daniel J. Pfeiffer, 2 Mason St., Gloucester, Mass. Thousands have used Fruitola and Traxo with equally satisfactory results and testify to the effectiveness of this treatment. Anyone who suffers with stomach or liver trouble or intestinal disorders, should at least try it.

Fruitola and Traxo are compounded in the Pinus Laboratories at Monticello, Ill., and can be purchased at Marshall Drug Company, a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant, disintegrating the hardened particles that cause so much suffering and discharging the accumulated waste, to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alternative that is most effective to restore and rebuild the weakened, run-down system.

A booklet of special interest to those who suffer with stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

SUPREME COURT UPHOLDS DENKERS DAMAGE CLAIM

Verdict of Ogden Trial Jury Awarding Injured Man \$8,000 Backed by High Court.

Because the crossing at which the accident happened was being maintained in a deficient and unsafe condition, in the opinion of the court, the Utah supreme court yesterday upheld the verdict of the Ogden trial jury which had awarded \$8,000 damages to Herman B. Denkers, 2654 Barlow avenue, against the Southern Pacific railway company.

It was brought out in the case that Denkers' automobile had become stalled on a defective Southern Pacific crossing near this city, and that while he was thus stalled a train at a speed of 35 miles an hour struck the machine and hurled it, with Denkers aboard, a distance of fifty feet. The accident occurred February 17, 1915.

ROTARY CLUB IS ORGANIZED HERE; ELECT OFFICERS

Ralph E. Bristol Is Made President of New Business and Social Body; Bossner Is Secretary.

At a meeting of prominent local business and professional men at the Weber club yesterday noon, Ogden was placed on the map of the International Association of Rotary clubs, a local organization being formed, under the direction of George O. Relf, of Salt Lake City, district governor, with a charter membership of fifteen. The action of yesterday was the culmination of a series of conferences between Mr. Relf and the local men and the new organization was launched under most auspicious conditions.

With the district governor acting as chairman of the meeting, the charter members elected the following officers and directors: Ralph E. Bristol, president and director; William H. Harris, vice-president and director; W. Fred Bossner, secretary and ex-officio director; W. H. Shearman, treasurer and ex-officio director; W. H. Wright, W. H. Wat-ling, G. W. Goddard, W. Rice Kimball and Jack Browning, directors. President Bristol was also elected delegate to attend the district convention next Wednesday in Salt Lake.

"The Rotary club," as explained at the conferences by Mr. Relf, "is formed of men selected from each distinct business or profession, and is organized to accomplish the betterment of the individual member; the betterment of the member's business, both in a practical and an ideal way; the betterment of the member's craft or profession as a whole; the betterment of the member's home, his town, state and country, and of society as a whole.

"On the practical side, the Rotary activities provide an opportunity for increased business through the establishment of cordial, intimate, friendly relations between members and on the ideal side, the club activities provide members with codes of correct practices and high standards in business, ideals that are working models for the member's daily life, applicable to his personal habits or to his business conduct.

"Rotary has a distinct field of its own, and it is mainly educational in character. It is differentiated from other organizations by its limited membership, by its activities concerning the individual member and the individual member's business, and by its placing on the members the responsibility of awakening their respective crafts and professions to higher standards.

Its objects are to promote the recognition of the worthiness of all legitimate occupations and to dignify each member's occupation as affording him an opportunity to attain high ethical standards in business and professions; to increase the efficiency of each member by the development of improved ideas and business methods; to stimulate the desire of each member to be of service to his fellow men and society in general; to promote the scientific of acquaintance as an opportunity for service and an aid to success; to quicken the interest of each member in the public welfare of his community and to co-operate with others in civic, social, commercial and industrial development, and to make of its members big-hearted, broad-minded men, men of energy and action—Rotarians.

Before the adjournment of the meeting, it was decided to hold the club meetings every Wednesday noon at the Weber club.

"Blue Jeans," a screen drama that eclipses the best the stage has ever done. Miss Dana as June becomes, in this production, the greatest picture star in the world. By all means don't miss this exceptionally good picture. New Utah, four days, beginning Wednesday.

ANNUAL PRIESTHOOD CONVENTION TODAY

WEST WEBER'S OLD FOLKS DAY, FEB. 22

West Weber is patriotic. It is to be admitted. Boys from that little hamlet to the west of this city are in every branch of the service. The old folks can't go to war but they can be patriotic. Accordingly they have decided to hold "Old Folks" day February 22, on which day as everyone knows, was born the father of this country.

The day will be doubly celebrated in memory of George Washington and a day of honor for the old people of that town. The program will begin at 1:30 p. m. There will be music, songs, recitations, addresses, a dinner at 4 o'clock, all to be topped off in the evening beginning at 8:30 o'clock with a dance.

DANCE K. OF P. HALL Lillian Thatcher 6-PIECE ORCHESTRA-6

LIEUT. NICHOLAS TO SPEAK AT MEETING

Meeting of Women Relatives of Men in Service at City Hall This Afternoon.

Lieutenant W. S. Nicholas of the United States naval recruiting office will speak before the meeting of the Women of American Patriots at their regular bi-monthly meeting this afternoon.

The meeting will be held at the city hall and will open promptly at 3 o'clock. Lieutenant Nicholas will discuss phases of the naval side of the war and tell the women what their men folks are doing and how they are treated in that branch of the service. He will explain how the navy life improves the health and promotes the moral growth of any young man who enters that service, as well as giving the wonderful advantages for seeing the world and thus gaining an education that costs many people thousands of dollars.

All women in the city who have a close relative in the military service of the country, regardless of which branch he belongs to, are welcome to the meeting and are requested by the chairman to attend.

Try This if You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

B. OF R. T.

Next Monday evening will be annual roll call and patriotic service work in second rank. FRED MEISSNER, C. C.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys are to blame.

If we wish to prevent old age coming on too soon, if we wish to increase our chances for a long life, Dr. Pierce's of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60 cts. This "An-uric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Send Dr. Pierce ten cents for trial package. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

DWYER, WYOMING.—I saw the Anuric Tablets advertised and thought I would try them. They do just what they are recommended to do. I will keep them on hand all the time hereafter. I was bothered quite often getting up through the night. I took two packages of the Anuric Tablets and haven't been bothered with my kidneys since.—C. M. CLARK.

OGDEN MUSICIANS TO JOIN GUARD'S BAND

Trio of Boys From Here to Join Organization at Camp Kearny.

Ogden musicians have done much to win for the band of the 145th Field artillery (Utah) the distinction it has achieved at San Diego. The band which is stationed at Camp Kearny has several Ogden boys in its membership, including Lester Hincheff and John Visser. Now three more musicians from this city have announced their intention to join the artillery musical organization. They are Robin Sollick, Hyrum Lammers and Earl Farnlund. Sollick and Lammers are planning to leave today for the national guard cantonment while Farnlund proposes to wind up his business affairs here before his departure. Mr. Lammers at various times has been a member of the Weber academy band, the Orpheum, Salt Lake and Ogden, and Alhambra orchestras. Sollick has played vaudeville and picture houses here and up to the present was a member of the Salt Lake Orpheum orchestra. Farnlund is playing with the Orpheum orchestra here.

Sollick plays drums and traps, Lammers is a trombonist, Farnlund's instrument is the clarinet.

POLICE TO WAR ON YOUTHFUL TOBACCO USERS SAYS CHIEF

A crusade against juvenile tobacco users has been launched by Chief of Police T. E. Browning. Detailed to work on the anti-smoking campaign are Officers P. J. Naylin and William Dicit. Nearly a dozen boys have already been taken into custody by the police officers as a result of the chief's orders, but the work will not cease until the youthful delinquents have been taken care of, it was said.

Commissioner M. L. Jones, of the public safety department in a communication to the chief yesterday urged that strict measures should be taken with dealers responsible for juvenile delinquency. A number of complaints have been made by parents, the commissioner stated, that minors are being furnished with tobacco.

"Some of these complaints," the commissioner continued, "come from parents of children and others from those who are engaged as officers and teachers in the various schools; and it is a well known fact that a boy who is addicted to the use of tobacco does not stand the chance of advancement in his class-work and that it is a detriment to him as well as to the school.

"Therefore, I feel that if these laws were rigidly enforced it would be a great benefit to the schools and to the pupils themselves. I am sure that the superintendents, principals and teachers of the various schools would be glad to co-operate with you in furnishing any information at their command.

"This order should be made to apply to all those who sell tobacco in any form whatever, and if you find from now on that the law is violated, see that the guilty parties are prosecuted."

REV. CARVER WILL PREACH ON TREASON

In his evening sermon at the First Presbyterian church tonight Rev. John Edward Carver will touch on several phases of patriotism and will deal specifically with treason. In speaking of the subject last night he said:

"Traitors are usually considered in the light of overt acts against their country, but there are many who are without the pale of the law that are worthy of the name. If democracy is to last there must be a sense of loyalty that obeys without constraint of law. 'The Traitor and the Emancipator' will be the Sunday night theme in the Presbyterian church.

INDUSTRIAL CLAIMS OF OGDEN DRAFTEES PASSED ON BY BOARD

Industrial appeals of Ogden draft registrants have been passed on by the district board and final classification made with the following results:

Industrial claims allowed by the district board:

George J. Michael, Timothy A. Keller, George E. Brooks, Carl F. Billings, Frank Manda, Leroy Norris, Dean B. Urguilius, James V. Leavitt, Delbert Miller, Leonard G. Goodfellow, Joseph W. Steger, Frank B. Smith, Peter Harper, John M. Dwyer.

PROVIDE RECREATION FOR SHIP BUILDERS

Welfare of Volunteer Workers Will Be Looked After by Several Organizations.

The following message has been received from Washington by the Examiner:

"Fully realizing that many of the shipyard plants are new and that in other plants the number of workmen has been and will be greatly increased; that the accommodations and surroundings are not what they will be at a later date, the United States shipping board is making a recreation and amusement for the men who will be performing the necessary and patriotic work in the yards. It is planned to work this out so that the men themselves will have the strongest voice in determining the kinds and character of amusement most suitable, and also as to how the same shall be conducted; but, of necessity under all the conditions surrounding it, it will be necessary to ask the aid of various agencies already organized that may be of definite assistance, certainly at the inception of the plan.

Industrial claims disallowed by the district board:

Ralph E. Shurtliff, Lester J. Hill, Ephraim Poulter, Gerrit Van der Vliet, W. Ernest Barrett, James Christensen, Raleigh L. Ames, John W. Hogan, George L. Malan, James William Burbridge, Alfred Bellumini, Dorson F. Eggington, Bentley Shields, Leo T. Dean, Glen Pardoos, Don H. Woolsey, James J. Sheridan, Leroy W. Keller, Robert A. Murray, Joseph L. Bandille, William Bryan Boyle, James C. Crowley, Randall A. Campbell, Henry Kammeeyer, Albert Leavitt, Jack Lawtis, Conly F. Martin, Joseph D. McLachlan, Albert E. Reed, William C. Ranson, Hagarth A. Anderson, Arias G. Belnap, Epiraim J. Compton, Walter D. Turnquist, Earl D. Montgomery, Har-ruce E. Marriott, Walter B. Todd, Ernest P. Goldberg, Charles W. Mitchell, Herbert G. Vance, Oliver C. McGhie, Howard J. Lee.

"In this connection it is expected to call upon the state council of defense in the various shipbuilding states, the women's committee, the Y. M. C. A., Red Cross, Knights of Columbus, Y. M. H. A. and others.

"The fact that recreation has been shown as a necessity for men in the national army has made it evident that the welfare of shipyard workers must be taken care of in a similar way.

EXPECT FARMERS WILL OVERCOME LABOR PROBLEM

Washington, Feb. 16.—Prediction that the country's farmers will overcome this year as they did last the difficulties in respect to labor and otherwise, was made today by Secretary Houston, of the department of agriculture, but he stated that there should be no let-up this year in efforts to better the record of last year and to conserve food.

STUDENTS STUDYING AT FOREST SERVICE

The Ogden high school and the forest service are co-operating to make the provisions of the Smith-Hughes act, which provides for vocational training, as effective as possible. The provisions of the act are such that the federal government will supply a part of the funds necessary for carrying on the work. The forest service, in order to make the work still more effective, has offered the use of its drafting rooms and some of the students have taken advantage of the offer.

ARREST CHEMIST AS DANGEROUS ENEMY

San Francisco, Feb. 16.—Carl Eischer, a chemist who is a member of the United States geological survey, was arrested here today by the United States marshal as a dangerous enemy alien. Federal officials charged him with being implicated in an alleged plot to blow up a British government cable station on an island in the Hawaiian group.

BREAK A COLD IN FEW HOURS

First dose of "Pape's Cold Compound" relieves the cold and grippe misery—Don't stay stuffed up!

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Advertisement.
