### Secretaries Paid Tribute

Secretaries—the "unsung" toilers of the office—came to their own Wednesday when that particular day was dedicated to them.

Many "bosses" who remembered that this was National Secretary week and that Wednesday was

"the" day, when a special courtesy was supposed to be extended to their secretaries, showed their appreciation with a flower... a box of candy... a treat of some kind... or maybe just some kind words, letting them know that they were doing their jobs all right.

All in all the week was a happy one for the many young women who have chosen secretarial work for their vocation, and efforts were made to enlarge the membership of Lomond chapter of National Secretaries week, Ogden area, to put forth the importance of being a good secretary and having that efficiency appreciated by the various Ogden "bosses."

D. Ray Russell was general chairman of the local event. Eleanor Smith is president of Lomond chapter.

#### Test Griddle With Water

To test a griddle for baking temperature when you are making pancakes, sprinkle a few drops of water on it when it's heated. If the water dances, the griddle is ready for baking the pancakes. If the water fizzes and steams, the griddle is not hot enough. If the water sizzles and disappears, the griddle is too hot.
