'FACES WEST'

Brings Musical Skill To Role in Pageant

A pretty, vivacious lyric soprano who received her master's degree at BYU has been given the role of "Harriet" in "All Faces West." Mrs. Evelyn Harris taught private voice at BYU as a graduate assistant on the faculty while doing her graduate work there.

MRS. EVELYN HARRIS
Studied Voice at BYU

Mrs. Harris will lead to her portrayal of Harriet a mature, dramatic and musical skill developed through much experience in musical productions. She possesses a voice of lovely, light, effortless overtones. Recently Mrs. Harris accompanied the Ogdens Chorale on its tour of the Northwest and World's Fair. Among her solos were the gay and lilting "Laughing Song" of Adele in "Die Fledermaus" and the beautifully lyrical "Romance" from Sigmund Romberg's "The Desert Song."

While at BYU, Mrs. Harris studied voice under such distinguished teachers as Professor Norman Gulbrandsen, Margaret Woodward and one of the better exponents of Wagner, Victor Fuchs.

Also while there she sang the role of Micaela in "Carmen" and the lead role in "The Merry Widow." Other productions in which she has sung have included lead roles in "The Mikado" and in "Cavalleria Rusticana."

Mrs. Harris is married to Lyn W. Harris, division manager of Rena-Ware in Ogden and Northern Utah and a former member of a BYU campus bishopric.

MATTER OF SPACE

Library Does It: Shifts Congressional Records

Many pounds of Congressional Records are gone from the Ogden Library, the culmination of a year of effort on the part of library personnel to find more space.

The local institution is a government depository but as the stock of documents increased, it grew to Frankenstein proportions and many were finally stored in the basement, unavailable to researchers.

Finally the government granted permission for part of the load to be transferred to the new Weber College library. Also, in the future the city library will receive a smaller number of the documents.

Congressional Records, a history of the Nuremberg trials and a large number of United States Department of Agriculture bulletins were included in the transfer.
