3 McKay Hospital Executives Appointed to New Positions

A series of changes in the McKay Hospital administration were announced today by administrator Kenneth E. Knapp. Included in the changes are a new administrative position, a new assistant administrator, shuffling of some assignments and the advancement of a former assistant administrator to a position with the new LDS Church central purchasing office.

Walter B. Cottle, assistant administrator since the summer of 1969, has been transferred to the central purchasing office of the LDS Church. The church operates the hospital.

In his new position, Mr. Cottle will be responsible for evaluation and acquisition of all equipment for hospitals and health programs of the church.

With his acceptance of the new position, Mr. Knapp announced the promotion of Theron J. Godfrey to a new position of associate administrator.

He has been an assistant administrator since August of 1966.

The appointment by Mr. Knapp of Mrs. John (Eva Jean) Law, R.N., as assistant administrator completes the major administrative changes. She has been the hospital's director of nursing.

Other changes include appointing Ronald E. Connors, purchasing agent, as an administrative assistant, and assigned responsibilities for purchasing, receiving and stores, print shop, medical illustration and photography, dietary services, house-keeping, and buildings and grounds.

Cliff E. Samuel's responsibilities as personnel director have been broadened to include in-service education and the hospital library and media center.

DEVELOP PROGRAM

Named as assistant to the administrator was Harry L. Foster, who will develop a patient ombudsman program in addition to directing hospital disaster planning and community relations programs.

Mr. Cottle, in addition to three year's experience in hospital administration, has been a manufacturer's representative for two large hospital supply firms, providing a unique background for his new assignment.

He will continue to live at 1284 36th with his wife, Diane, and their six children while he completes a master's degree program at Utah State University.

Mr. Godfrey came to the Thomas D. Dee in August of 1965, for a year's residency after graduating with a degree in hospital administration from the graduate school at the University of California at Los Angeles. He was named assistant administrator at the end of that year.

NURSING SERVICE

Mrs. Law has been director of nursing service at the hospital since 1957.

She holds a nursing degree from Pocatello, Idaho, General Hospital School of Nursing; a bachelor's degree in nursing education from the University of Nevada where she also received a master's degree in counseling and educational psychology.

In her new position she will have administrative responsibility for nursing service, ambulatory and outpatient services, physical therapy, occupational therapy, medical records, central service and reprocessing, and pharmacy.

Tip Leads Task Squad To Arrest in Burglary

Booked in the Weber County Jail on charges of 2nd degree burglary were Fred Batchelor, 22, of 2322 Jefferson and Lee Arden Hoskins, 27, of 508 27th.

Events leading to the arrest started with a tip to task squad commander Lt. Hal Adair that a burglary would occur at Allico Discount Parts at 3585 Kiesel.

Detectives Keith Taylor, Gerald Burnett and R. J. Schwitzer were sent to wait inside in the auto parts store at 12:30 a.m.

to catch the thieves in the act. Sometime later the same informant told Lt. Adair there had been a change in plans and the burglars would strike somewhere on the north end of town.

Patrolman Cecil P. Fisher was sent to notify the three waiting detectives of the change in plans and along with patrolmen Arthur Haney, Steve Nixon and William Thorsted, helped the detectives locate the car, make the arrests and locate the scene of the crime.
