Attention is particularly called to the fact that the assessments as made do and will constitute a lien upon the lands to which the water covered thereby has been allotted, notwithstanding that the Class D petitioner may since the filing of this petition have sold some or all of the land for which water was petitioned and allotted. Accordingly, all persons now owning or interested in lands within the above described area should give heed hereto.

A description of the properties so to be assessed and the amount of the assessment thereon as fixed by the Board is of record in the general office of the District as aforesaid, and may be there examined by any interested party.

WAYNE M. WINEGAR, Secretary
Weber Basin Water Conservancy District
