

Rarely R. Pratts recipe for
Eye Water

Boil an Egg hard Cut in half, take
out the yolk and fill the cavity with White
Vinegar, tie up the Egg with thread or string

then put it in a pint of Snow or other
Soft water let it remain in the water 24 hours
then smeten it with white sugar. And Strain
the water through a piece of Cambric.

Apply it to the Eye two or three times a day
if too strong weaken it with water

This is an excellent for Weak or sore Eyes
