NEW STEEL WALL IS WANTED BY SHERIFF

DeVine Sees Danger in
Present Condition of the
County Jail.

Special to The Tribune.

OGDEN, Feb. 24.—As a result of the discovery yesterday that prisoners had planned a wholesale delivery, Sheriff T. A. DeVine will again call the attention of the county commissioners to the condition of the county jail. Because the masonry wall across the east end of the jail is in such condition that it cannot withstand more than a few hours' work on the part of a prisoner, the sheriff has requested that a steel wall be erected on the inside. The commissioners have taken no action toward safeguarding the weak wall.

According to Sheriff DeVine and his deputies, it is unsafe to leave one or more prisoners outside of the cellhouse more than one hour at a time. About one-half of the prisoners were out in the main corridor from 2:30 o'clock until 6 o'clock last evening. In that short time Frank Smith and Jack Smith had dug a hole large enough to insert an arm about ten inches into the wall. The only implements used were a broken bicycle wrench. To allow discovery of the hole, the masonry removed from the opening was deposited on top of the cellhouse or tank.

In the opinion of Sheriff DeVine, one or two prisoners working continuously for six or eight hours could put a hole through that wall large enough to admit a man's body. It was found necessary several years ago to cover the ceiling of the jail with a layer of concrete. The sheriff declares that a similar precaution should be taken on the east wall.

BIG REVIVAL WILL BE HELD IN MARCH

Special to The Tribune.

OGDEN, Feb. 24.—With Henry Ostrom, evangelist, in charge, the opening services of the united Christian revival, to be conducted by nine churches next month, will be held in the new tabernacle Thursday evening, March 2, according to plans that are now being made by the general committee. The pastors of all nine churches affiliated in the revival movement will assist Mr. Ostrom in the dedicatory services at the temporary tabernacle.

Due to the interest that is being shown in preparations for the revival campaign, the Rev. J. E. Carver expressed the opinion that the tabernacle probably would not afford seating accommodations for all those attending the meetings. He advised the general committee that plans be made to enlarge the building after the services have been started, if such is found necessary.

NO IMPROVEMENT IN VICTIM'S CONDITION

Special to The Tribune.

OGDEN, Feb. 24.—No improvement was shown today in the condition of James Bartolomeo, bartender at the Western saloon, who was shot and probably fatally injured by Louis Martini yesterday afternoon. Reports from the Dee hospital this evening indicate that the man's condition is still critical. Pieces of the bone that were splintered from the spine were removed today, relieving the pressure on the spinal cord, but no effort has been made to remove the bullet from the abdominal cavity.

Martini, who was wounded by bullets from the revolver of Patrolman William Brown, showed considerable improvement and it is believed that none of the injuries will prove serious. As it is necessary to keep an officer on guard over him at the hospital, the police plan to remove the wounded gunman to the city jail on Friday or Saturday. County Attorney Joseph E. Evans will not file a complaint against Martini until the outcome of Bartolomeo's wound is ascertained.

Since the shooting affair of yesterday and due to many complaints from citizens, Chief of Police T. E. Browning has removed his campaign against street loafers, especially those who congregate on Twenty-fifth street, between Wall and Grant avenues. He issued instructions to all officers today to keep away from the sidewalks along lower Twenty-fifth street. A dozen men, arrested this afternoon for obstructing the sidewalk, were released after they had deposited \$1 for their appearance in court.

OPIUM CONTAINED IN CAPTURED MIXTURE

That opium is contained in the twenty-three cans found in the room of Wade Elliott, or Elliott, who was shot by Chief of Police Shores when he resisted arrest at the Moxum hotel Monday, was announced by the police yesterday. A test of the substance found in the cans showed that an adulterated form of opium is present in conjunction with a compound believed to be asphaltum, flour and possibly molasses.

According to a statement made by Elliott when he was in the police emergency hospital, it was his purpose to sell the compound to drug users. If the substance was without opium or narcotics he would be clear of the federal drug laws, but the trace of opium said to have been discovered makes him liable, as though the compound was opium. A bundle of newspaper clippings concerning opium smuggling was found in the man's room yesterday. The clippings will, it is believed, connect him with many smuggling cases that have, until this time, baffled the police of the coast cities, as well as the government revenue agents.

He is in the county jail recovering from the effects of numerous gunshot wounds in his hips, incurred when he resisted Chief Shores and was shot with a sawed-off shotgun as he attempted to escape arrest.

The matter was thoroughly investigated and the alternates were done away with. The judges of the debates and the debaters were Hugo B. Anderson, Alexander Anderson, Miss Ivy Cleghorn, John Henry Evans and Grant H. Bagley.

FINDS COYOTE WAS ONLY INTOXICATED

Examination by L. I. Daines, state bacteriologist, of the head of the coyote killed in Emigration canyon Wednesday by George Hensley, a farmer, showed that the animal was not suffering from rabies. Hensley said his coyote killed his dog and acted as if mad. He killed it. The supposition now is that the coyote must have been suffering from some kind of intoxication, rather than rabies.

O'TOOLE CONVICTED ON LIQUOR CHARGE

Henry O'Toole, a restaurant man of Magna, was tried and convicted yesterday morning before Judge E. A. Rogers in the criminal division of the city court on the charge of illegally selling liquor. Time for sentence was fixed for Monday morning at 10 o'clock.

The offense charged is alleged to have been committed in December of last year. O'Toole was previously convicted of a similar offense and was sentenced February 3 to pay a fine of \$150. He then secured through his attorney, Parley Jensen, a ten days' stay of execution, then engaged another attorney, C. E. Norton, but has not yet paid the fine or perfected his appeal to the district court.

O'Toole and his attorney were told yesterday morning by Judge Rogers that if the fine was not paid or the appeal taken by Monday morning a commitment for the defendant would be issued. O'Toole promised to adjust matters by this time.

Another case of similar import is now pending against O'Toole in the justice's court at Pleasant Green.

How to avoid Operations

These Three Women Tell How They
Escaped the Dreadful Ordeal of
Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."
—Mrs. Fred Bernke, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."
—Mrs. Thos. Dwyer, 959 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."
—Miss Irene Froehner, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
