

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

At a Meeting of the Council of the HARLEIAN SOCIETY, held at 8, Danes Inn, London, W.C., on the 28th day of May, 1869, the Honourable HENRY ROGER CURZON in the Chair, it was resolved that—

“The First Publication of the Society be THE HERALDIC VISITATION OF LONDON IN 1568, by Robert Cooke, Clarenceux King of Arms, to be edited by JOSEPH JACKSON HOWARD, Esq., LL.D., F.S.A., and GEORGE JOHN ARMYTAGE, Esq., F.S.A.”

Preface.

THE Visitation contained in the following pages was taken by Robert Cooke, Clarenceux King of Arms in the year 1568. The copy from which it is transcribed forms one of the Harleian Manuscripts in the British Museum. It is in the handwriting of Nicholas Charles, who died in 1613, and the additions subsequent to that date are by William Camden, Clarenceux King of Arms, who bought Charles's books at his death. It is impossible to draw the exact line between the original Visitation and the additions, but the undoubted repute in which both heralds were held who possessed it renders it unnecessary.

The Editors cannot conclude these few preliminary remarks without acknowledging their great obligation to Mr. JOHN DAVIDSON, a member of the Council of the Harleian Society, to whom the Society is indebted for the very elaborate Index appended to the Work.

JOSEPH JACKSON HOWARD.

GEORGE J. ARMYTAGE.
