

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Preface.

In offering a few remarks upon the Heralds' Visitations of the County of Somerset, I will first give the list of the MSS. containing such Visitations, as it appears in Sims's "Manual for the Genealogist and Topographer," p. 173.

"	"	Caius Coll., Camb., MS. 540.

Besides the MSS. mentioned above and marked *, Sims has also indexed B. M. Add. MS. 12,477, which, on p. 219 of his Manual, he describes as containing "pedigrees from the Visitation of Somerset in 1573."

Of the above MSS., the only *original* one outside the College of Arms is in the British Museum and is called Harl. MS. 1141. This MS. has already been edited by Dr. Colby, F.S.A., for the Harleian Society (vol. xi), and it is constantly cited in this book as 1623, that being the date of this Visitation.

* References to the pedigrees and arms contained in these MSS. will be found in Sims's Index.

The MSS. which I have used in compiling this book are Add. MS. 14,315 and Harl. MSS. 1385, 1445, 1559.

MS. 1385 is a beautiful copy of the 1573 Visitation. MS. 1445 has as its title, printed on the back, "The Visitations of Somerset in 1623 and 1565 (*sic*)," the older Visitation being placed at the end. A copy of this MS. was made by Rev. T. Leman, and was left under his will to the Library of the Literary and Scientific Institution at Bath. There it came under my notice, and I copied it for my own use, and this was the beginning of the present work.

The Rev. T. Leman, M.A., F.A.S., was born in 1751 and was Chancellor of Cloyne. He was an ardent genealogist, as several beautifully written MSS. at Bath, containing Visitations of Somerset, Devon, Gloucestershire, Yorkshire, and other counties, sufficiently testify. A note in pencil in the Gloucestershire volume is worth recording:—

"29 Ap. 1822, at the age of 71, I begin this imperfect collection for the County of Gloucester, taken from a copy of Holland's lent me by the Revd. Mr. Lysons."

In some cases the pedigrees are brought down by Mr. Leman to the middle or end of the eighteenth century.

The county of Dorset was visited in 1565, Devon in 1564; and, as the West of England was usually taken together, the Visitation of Somerset may have been commenced in 1565 and finished in 1573; but it is not a little remarkable that this so called 1565 Visitation contains ten pedigrees, not to be found in MS. 1385, which is my authority for the 1573 Visitation.¹ These are—

1. Beresford of Taunton.
2. Bratton of Bratton.
3. Gourney of E. Harptree.
4. Newton of E. Harptree.
5. Palton of Palton.
6. Pauncefoote of Compton Pauncefoote.

¹ Since the above was written, Dr. Marshall, who has made special researches regarding these Visitations, has kindly supplied me with the following information:—"The County of Somerset was visited by Benolte in 1581, by Cooke in 1573, by Brooke (Deputy to Cooke) in 1591, by Camden in 1623, and by Bysshe in 1672."

7. Pyne of Curry Mallet.
8. Raleigh of Nettlecombe.
9. Ramsey of Mudford Torry.
10. Watkins of Holwell.

Others which are given in Sims's Index are really only portions of the above pedigrees.

The body of this book is taken from Mr. Leman's copy of MS. 1445, and variations from it, as they appear in the 1573 Visitation, are denoted by brackets. Thus, on p. 13, [Birchleighe] shows that MS. 1385 has this reading instead of Burekley, which is found in MS. 1445. Occasionally the same brackets are used to show where a place may be found, as on p. 11, Fowell's Comb [in Ugborough, Devon]. Where the parish is not given, I have either been unable to find the place on the Ordnance Map, or else the place itself is a parish and can be found in a Directory of the county in which it is situate.

MS. 1559 is Richard Mundy's amalgamation of the Visitations of 1573, 1591 and 1623. There is a series of such MSS. by Mundy in the British Museum. They are not Visitations properly so called, but are nevertheless of great value. More than fifty pedigrees "peculiar" to MS. 1559 are given in Part II. In this Harl. MS. the pedigrees are often very long, and are made up of several different families or branches of the same family belonging to different counties. Parts of these have already been printed in the Visitations of other counties and in the eleventh volume of the Harleian Society's Publications, which contains, as has been said, 1623 Visitation of Somerset.

My object in giving these pedigrees in Part II. is to print what has not been printed before; but it is only right to caution the reader that more information is often to be found in the original MS., and to recommend him to consult it for those families which are marked with an asterisk in Part II. To print the whole of MS. 1559 formed no part of my original design, as stated in the prospectus, which was simply to give the Visitations of 1531 and 1573.

It remains to speak of Add. MS. 14,315, which is a transcript of the 1531, or first, Visitation of this county. It contains the Arms of Bruton

Monastery, and the following twenty-one pedigrees, of which at least three properly belong to other counties.

The MS. contains pedigrees of Cornwall, Devon, Dorset, and Somerset, and there is no defined division between the counties. Somerset begins at p. 130 of the MS.

I have placed a note at the foot of each pedigree to say that it (or part of it) is contained in this, the earliest Visitation.

1. Berkley.	8. Halswell.	15. Moore.
2. Blewett. ¹	9. Hill of Hounston.	16. Poulet.
3. Byckome.	10. Horsey (Wilts).	17. St. Aubyn.
4. Chudleigh (Devon).	11. Kingsmill (Hants).	18. Stawell.
5. Compton.	12. Lovell.	19. Tremayle.
6. Dodington.	13. Malet.	20. Verney.
7. Fitz James	14. Michell.	21. Warre.

The above list does not include the two following pedigrees contained in this MS., which, although placed by Sims in his Index under Somerset, more properly belong to Dorset.

1. Asheley of St. Giles, Wimborne.
2. Uvedale of Mooreriche.

The only pedigree which is peculiar to MS. 1385 is that of English of Puddimore Milton, from co. Wilts, but according to Sims, the following eleven *portions* of pedigrees are to be found only in that MS.

1. Burton.	5. Hadley.	9. Wollavington.
2. Codrington.	6. Howe.	10. Woseley.
3. Fitz.	7. Strangways.	11. Younge.
4. Gyles.	8. Windisore.	

With regard to names of places, wherever it appeared necessary and identification was possible, the *modern* is added in brackets after the *old* spelling, but not in cases where it seemed sufficiently obvious, as Porsceuet (Portskewet), p. 20. In the Index of Places the modern spelling is given, as being more convenient for reference.

¹ N.B.—In Sims' Index, p. 245 (Add. MS. 14,315, p. 132), Blenet of Evenham should be Blewet of Grenham. This well illustrates the kind of error which should be guarded against, for sometimes the supposed family only owes its existence to a misprint or misreading of the original; e.g., Sims' Index, p. 117 (Hants), *Kingwood* of Credistowe should be *Ringwood*, a family which is given correctly on page 118. (Credilstow or East Mill is in Fordingbridge).

The references to Hutchins' Dorset are to the third edition. Mr. Greenfield kindly lent me his copy of Sir Thomas Phillipps's Visitations of Somerset, a very scarce book, of which there is no copy in the British Museum.

A word of caution is perhaps necessary as to the reliance to be placed on all Heralds' Visitations; it is constantly found when information is obtainable from other sources (such as wills, &c.) that the Visitations are full of errors, generations being missed out, a father and son represented as brothers, &c. And perhaps it is not too much to say that they cannot be relied upon beyond the grandfather of the "Armiger" who was cited to the Visitation; but when all is said, they still remain a valuable (and sometimes the only) clue to a gentle family, whose name now perhaps only exists as that of a remote farm house.

The old *place* knows them no more, but—

"Semper honor, nomenque tuum laudesque manebunt."

It is with the hope of rescuing some forgotten names, and of adding something to the antiquarian lore of the beautiful West of England, that I now commend my book to a Public, both in England and America, which is daily becoming fonder and fonder of genealogical studies.

I take this opportunity of thanking for their kind help, so often rendered—
