**LEAD—broker's quotation \$3 15**

Mrs. E. E. Davis, of San Miguel, Cal., says: "I am trying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done for me. For years I was constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserably the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size have been used I am pleased to state, my health is better than it has been for years. The soreness has left my lungs and chest and I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was, to give it a trial. For sale by all druggists and medicine dealers."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. It is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Gentlemen:—The Restaurant Commission of the Cotton States & International Exposition to be held at Atlanta have awarded us the coffee contract, so that our "SEAL BRAND" will be served virtually exclusively inside the grounds. New York, Chicago, Boston and New Orleans houses were very active in their efforts to secure this contract, which was finally awarded to us on a basis of SUPERIOR QUALITY and UNIFORMITY OF COFFEE, as was so practically proven at the World's Fair.

Yours very truly, Chase & Sanborn"
