

HOW TO VOTE FOR LEGISLATIVE CANDIDATES.

The Standard has been requested to state if, in scratching the legislative ticket, the voter must vote for the name directly opposite the name scratched. Our reply is no. The voter can scratch any name on the Democratic legislative ticket and vote for any one of the legislative candidates on the Republican ticket, and it is the same way for county commissioners.

There are six men running for county commissioners and the three names receiving the highest votes are elected. There are eight candidates for the legislature—four Republicans and four Democrats—and the four who receive the highest vote are elected. The voter can cast his vote for three Democrats and one Republican; or for three Republicans and one Democrat; or for two Republicans and two Democrats. The voter has the right to cast his vote for any four out of the eight candidates for the legislature. We give herewith the legislative ticket as it will appear on the official ballot:

Republicans.	Democrats.
E. H. Anderson,	Robt. T. Burdette,
Thomas H. Davis,	Max Davidson,
Wm. Glasmann,	Nathan J. Harris,
Arch. McFarland.	Tillman Johnson.

The voter can scratch the name of William Glasmann and vote for Robert T. Burdette or scratch Burdette and vote for Glasmann. Or he may vote for E. H. Anderson and scratch Tillman H. Johnson. Or he may vote for Thomas H. Davis and scratch Nathan J. Harris. The voter has the right to vote for any four names for the legislature or state representatives that he pleases to vote for, and it will be legal. But you must not vote for more than four names. If you vote for five the ballot is null and void so far as the vote affects the legislative candidates.

The Standard will be pleased to answer any questions on voting that may be asked, in fact we invite people to ask questions on the subject.
