

NATHAN J. HARRIS.

Nathan J. Harris, the Republican candidate for county attorney, is recognized as one of the best attorneys in Weber county. He is of good character and of high principle. In his keeping the office of county attorney will be one to which all citizens can appeal and be certain of fair treatment. Mr. Harris will bring to the office the high sense of impartiality and conscientious faithfulness to duty

that an honest judge might give to his judicial calling.

Petty hatreds will never be made part of Nathan J. Harris' administration of the office, for he is too broad to make his official position responsive to the hatreds of any man or clique of men.

He should be elected by the largest majority ever given a candidate on any ticket in this county and it is our opinion he will be elected by a vote equal to that of any candidate on the Republican ticket.

Before November 6 we will have something to say about all the candidates. Every man on state and county Republican ticket is worth of support.
