

COUNTY SCHOOL BOARD GRANTS BUS CONTRACT

Also Postpones Opening of Classwork Until Sept. 25

In accordance with its practice of retaining bus drivers who have given excellent service, the Weber county board of education Saturday granted a contract to J. Leonard Grew for transportation of pupils from Middleton to Huntsville school during the new school year.

On recommendation of Dr. William M. McKay of the county health unit, the board authorized the installation of a septic tank at the Hooper school.

The university scholarship was awarded to Orvil England of Plain City.

Because serious reductions in anticipated tax revenues make probable the closing of schools at eight months, or early in May, it was decided to postpone the opening of school to September 25.

TEACHERS TO MEET Opening teachers' institute will begin Friday, September 22, at nine a. m. and continue until noon Saturday.

The board approved the superintendent's recommendation that ninth grades be maintained during 1933-34 in North Ogden, Harrisville, Plain City, West Weber, Wilson, Riverdale, Hooper, Roy, Burch Creek and Huntsville.

By way of providing for departmentalized work at the junior high schools the following teachers were added to the junior high staff: Ellen Barker, A. B. Brigham Young university, assigned to Riverdale; Harrison Parker, B. S. Utah State Agricultural college, assigned to West Weber; Henry Watson, B. S. M. S. Brigham Young university, assigned to Wilson; and Orval Jorgensen, A. B. Utah State Agricultural college, assigned to Huntsville.

Ruth Knowles and Harvey Hardy were given contracts for elementary positions.

CHANGES PLANNED The superintendent was authorized to change the routing of bus lines operated by Elmer Rose and Thomas Peterson to facilitate the gathering of ninth grade students in Harrisville and Wilson. Hereafter Rose will run from Warren, through Plain City and Farr West, to Harrisville, thence to Weber County High school. On a second run he will go to Marriott and return. Thomas Peterson will run west on Second street through Slatterville to the western end of that community, then south and east to the Marriott school, thence to Wilson and to the County High school.

BUSSES REPLACE TROLLEYS. SPOKANE, Wash.—(UP)—Where citizens once discussed whether the auto would replace the horse, they're now wondering if the motorbus will replace street cars. The local street railway set-up has replaced almost all carlines with new, quick, roomy and fast busses.

WARD TO HONOR YOUTH SEPT. 8

JULIUS IVER LARSEN

Julius Iver Larsen, son of Mr. and Mrs. M. J. Martin Larsen of North Ogden, will be honored at a farewell party September 8 in the L. D. S. North Ogden chapel. There will be a program at eight o'clock and a dance at nine o'clock. The general public is invited.

Mr. Larsen will leave September 11 for Salt Lake City to take a training course, and will leave September 21 for Norway to fulfill his mission.

ROAD FINISHED ON TWELFTH ST. Two-Mile Improvement in County Will Be Ready Tuesday

W. J. Rackham, city commissioner, reports that the resurfacing with oil and gravel of Twelfth street between Wall and Washington avenues, has been completed and is ready for travel. Ogden city and Weber county share the cost. The previous surfacing was torn up when a sewer trench was dug.

Mr. Rackham also stated that about 25 men are employed in improving streets. This work includes the grading and leveling of Pacific avenue between Twenty-eighth and Twenty-ninth streets and grading and graveling of Quincy avenue between Twenty-ninth and Thirtieth streets.

Report from the Weber county commissioners is that the oil and gravel surfacing on the Warren and West Weber road, a distance of about two miles, is nearing completion and will be finished by Tuesday.

Clearing of a road drain in Hooper is nearly finished, expectation being that it will be completed this week. It was necessary to take out the old pipe and either clean it or replace it.

Tonnage Increases On Salt Lake Division

Gross tonnage of freight handled on the Salt Lake division of the Southern Pacific railroad, with headquarters in Ogden, during the week ended August 14 was 12.2 per cent more than gross tonnage handled during the same period last year, according to figures made public Saturday.

This increase was considerably more than the average increase for the entire system, which was seven per cent for the week. Business was in sharp contrast to the preceding week, ended August 7, when the gross tonnage for the Salt Lake division showed a decrease of five per cent under the same period a year ago, though the entire S. P. system experienced an average increase of two per cent that week.

WOMEN CHOSEN FOR VISITS TO COUNTY HOMES

Will Tell Weber People Why NRA Movement Deserves Support

An organization of the NRA to function in Weber county districts under the direction of Mrs. Frank Grossman, chairman was effected Saturday, at Lorin Farr park. Those appointed to assist Mrs. Grossman in the county work are Mrs. D. D. McKay, vice chairwoman, Miss Dorothy Campbell, secretary, Miss Lavina Smith, reporter. Vice Chairwoman McKay, of Huntsville, spoke to the women representatives from the county districts as follows: ALL MUST ASSIST "For the past several weeks the government has been striving to marshal all the forces of the country into a voluntary organization for the purpose of combating the evil effects of the depression. The national industrial recovery act completely changed the old method of approach to these problems and created the new deal. Co-operation, fair practices, higher wages and shorter hours are the main provisions of this new plan, and of course it is confidently expected that when the population all finally gets behind the movement and the country hits its stride the net result will be increased employment and larger sale of goods with business constantly accelerated until recovery is complete.

"Every day the press carries stories of codes having been signed by this or that group in industry, but little has been said as yet of another factor. An integral and important part of the general plan is to invite and obtain the united cooperation of all consumers in support of the movement. The expectation is that if all the people sincerely want recovery there is little chance of failure. Hardly any section of the population has a greater interest at stake in this connection than the people engaged in agricultural pursuits. So it seems to me that it is not too much to expect every one to do his part as soon as opportunity affords.

SEVERAL METHODS "To get the information regarding the NRA as the national recovery act is called, to the people at large, the government is using many agencies, including newspaper advertising, radio and committees of both men and women. Among the latter is a committee of women headed by Mrs. Frank Grossman with jurisdiction over the county outside Ogden city. This committee will contact the women's section of every local far bureau, women's relief societies and other organizations of women with the object of obtaining their earnest support of the NRA. This is very important for a large part of the national spending is done by the women folk. So as soon as possible each consumer will be asked to sign a card, pledging the signer to do his part through the NRA for the welfare of his neighbor to the furthestmost boundary of the country."

DISTRICT LEADERS Chairwomen for the districts around Ogden were selected as follows: Mrs. Clarence Barker, Riverdale and Roy; Mrs. J. G. Widdison, Plain City; Mrs. Leone Robison, Plain City; Mrs. Olive Olson, West Point; Mrs. T. R. Jones, Kanawha; Mrs. Oni D. Stewart, Uintah and Burch Creek; Mrs. Jerome Wheeler, Marriott and Slatterville; Mrs. Mary Moline, Taylor and Wilson; Mrs. Lewis Waggard, Liberty, Huntsville and Eden; Mrs. Harry Brown, Farr West and Harrisville.

WARD TO HOLD PARTY MONDAY

Public Invited To Attend And See Progress of Construction

On Monday evening, August 28, the L. D. S. Twenty-first ward, Tenth street and Jefferson avenue, will hold a get-together party on the grounds of the new chapel. At five-thirty p. m. races of all kinds will be held for the children up to 16. At six-thirty p. m. races, tug-of-war, etc., will be held for those over 16. At eight p. m. a band concert and a program consisting of dances, vocal numbers, etc., will be given. There will be no charge and the general public is invited to attend, take part in the events and see the new building in construction.

Work is going on rapidly and it is anticipated the recreational wing will be completed by November 1, at which time the old Mound Fort hall will be discarded and torn down.

The Four Junior High school band will meet at five o'clock on Monday at the Weber gymnasium to leave for the Twenty-first ward chapel, where they will play at five-thirty o'clock.

The band has been active in the recent past, playing at the Hotel Ben Lomond Friday and also in the American Legion parade during the evening.

FAMILY CALLS PARK MEETING

Nathan Harris Descendants And Others Invited To Be Present

The descendants of Emer Harris, Martin Harris, Naomi Keellog and Harriett Daley, with all connected branches of the family, with their relatives and friends, are invited to meet in annual reunion at Lorin Farr park in Ogden on Saturday, September 2.

Nathan Harris and two sons, Emer and Martin, joined the L.D.S. church in the early days of its history. Martin Harris became an early friend of the Prophet Joseph Smith and assisted him in translating the Book of Mormon, later being chosen as one of the three witnesses to that book. He sold his farm and with the proceeds paid for the publication of the first edition of the Book of Mormon. He came to Utah in 1870 and died in Clarksville, Mo., on July 10, 1925, a later coming to Weber county. His son, Joseph M. Harris, settled in Ogden; Charles Harris in Dixie; Martin E. Harris in Harrisville and a daughter, Harriett Daley, in Springfield. There are many branches of the family throughout the intermountain region.

The exercises will commence in the morning and continue throughout the day.

WALTER N. FARR DIRECTS OFFICE

Help Will Be Given This Week In Filling Out Process Blanks

Walter N. Farr of Ogden has been sworn in as a deputy in the United States treasury department for internal revenue work in Davis and Weber counties. Mr. Farr has his office in room 388 in the Ogden federal building. The office had been closed since the first of August.

Mr. Farr was assigned to the Ogden office by Ira N. Hinkley, collector of internal revenue for the state of Utah. Mr. Farr says that the office is equipped with forms and on Monday, Tuesday and Wednesday an expert on the process filings will be present to aid in filling out forms and to assist in every way possible.

Mr. Farr has been connected with civic and banking affairs for many years. He has served as Weber county auditor and clerk and was a member of the state industrial school board for 16 years.

TROPHY TO BE AWARDED FOR FINEST WINDOW

Business Display Contest Will Be Held In September

Ogden people will have opportunity September 8 to inspect the finest array of window displays ever attained in northern Utah if plans being made by the retail merchants' division of the Ogden chamber of commerce are carried through successfully. These windows, representing practically every line of business, will be entered in a city-wide contest, with Mayor Ora Bundy heading the list of judges. The sweepstakes award will be a silver trophy, presented by The Ogden Standard-Examiner.

MANY VARIETIES. The committee in charge of the annual fall style show and window display this year is headed by A. Leven. Co-operating with him are representatives of all leading merchandising lines including women's wear, men's wear, jewelry, automobiles and auto supplies, food stores, millinery, musical instruments and electrical goods, furniture, shoes, drugs, candies, flowers, furs and other goods. Department stores have joined in the contest plans, proposing to show displays of several lines.

MAY SHOW CARS. The automobile dealers have been invited to join in the event by staging a fall style show of automobiles. Ogden manufacturers are being asked to have displays in the business district showing how their goods are made and a committee of the merchants is seeking co-operation of the theatres in making the style show evening one of the most interesting ever put on in this city.

BODY WILL BE TAKEN TO OGDEN

Word has reached Ogden of the death in Pasadena, Calif., Friday of Mrs. Lennie Welch, widow of Joseph W. Welch, a former employe of the Sperry Milling company.

The family home was at 3008 Grant avenue, though Mrs. Welch had made her home in Pasadena for more than a year with her daughter, Mrs. Jennie Yoakam. The body will arrive Monday evening, accompanied by Mrs. Yoakam, on Union Pacific train No. 22, at ten-thirty o'clock.

Funeral services will be conducted Tuesday afternoon at two-thirty o'clock in the chapel of the Kirkendall-Darling mortuary with the Rev. Walter L. French of the First Methodist church officiating. Interment will be made in the family plot in Mountain View cemetery.
