

STOCK TREND IS DULLEST IN TWELVE YEARS

Ticker Tape Is Generally Silent; Few Customers Attracted

By VICTOR EUBANK (Associated Press Financial Writer) NEW YORK, Aug. 20. (AP)—Stocks were virtually trendless today in the quietest five-hour session in about 12 years.

While some of the steel issues sagged, small fractional gains and losses were the rule in the colorless proceedings. The close was moderately irregular.

With the ticker tape generally silent, few customers were attracted to the somewhat gloomy boardrooms. There was little news of sufficient importance to lift the list out of the doldrums.

Most of the metals yielded early gains of fractions to around a point. A few specialties moved in differently into higher territory, including Brooklyn-Manhattan-Transit, which responded to resumption of dividends on the common stock with an advance of more than a point.

Wheat got up a cent or so a bushel, but finished with only part of its advance. Corn and the other cereals were hesitant in the face of profit-taking.

Cotton was also subjected to considerable realizing, but closed strong. Hogs at Chicago made a new peak since 1931. Bonds were listless and mixed.

U. S. Steel preferred dropped more than 2 points and the common was soft. The American Iron & Steel Institute reported that current production was at 21.3 per cent of capacity, a new low since the institute began compiling weekly figures last fall.

The steeper shares included East, Santa Fe, Loew's, Interborough Gas, Transil, General Foods, Case, American Telephone and American Can.

U. S. Steel preferred dropped more than 2 points and the common was soft. The American Iron & Steel Institute reported that current production was at 21.3 per cent of capacity, a new low since the institute began compiling weekly figures last fall.

With Labor day only a fortnight away, the majority of usually active traders were inclined to save their ammunition until the trade fringes are less obscure.

DETROIT TO REVIVAL. It was pointed out that among the determinants to bullish revival are the low ebb of steel production, fears of detrimental effects on business of the drought and labor troubles, feebleness of foreign trade and domestic construction and the inability of most railroads to expand traffic sufficiently to overcome increased operating costs.

Hope for equities, however, was expressed by some analysts who recalled that many issues, if figured on the former gold basis, are down to around the levels which existed prior to the inauguration of President Roosevelt last year.

Wall street studied reports of gradual economic recovery on a world-wide with interest. Particular attention was paid to a review by the Foreign Policy association, which said "little doubt can remain regarding the existence of a world economic upswing of significant proportions."

GRAIN

By FRANKLIN MULLIN Associated Press Market Writer CHICAGO, Aug. 20. (AP)—Grain prices advances built up during most of today's trading on strength in foreign markets and an increasing demand for cash wheat and corn were reduced just before the session's close by a wave of profit-taking sales.

Distinct firmness that at times established gains of more than a cent in wheat resulted partly from relatively heavy buying of September deliveries, induced, some traders said, by the high premiums paid for cash supplies. Bullish sentiment also was increased by reports that the import duty on hay and forage and probably oats might be removed under certain conditions to feed livestock.

Wheat closed unsettled at 1 1/4 to 1 1/2 cents, December new 1.04 1/2 to 1.05. Corn finished 1/2 off to 1/2 up, December 76c-3/4. Oats and rye registered fractional advances, December new closing at 50 1/2 c, and December new rye finishing at 86 1/2. Barley futures showed advances of more than 2 cents.

NEW OFFICERS ARE SELECTED

Salt Lake Woman Renamed Chapeau Departmentale of Auxiliary

Mrs. Anne Rutledge, of Kaysville, was re-elected chapeau departmentale of the Eight and Forty, women's honorary organization of the American Legion auxiliary, at a conference of Utah chapter officials Sunday at the White Elephant tea gardens.

Other officers chosen were Mrs. Edith Rhivers, of Ogden, first demi chapeau; Mrs. Hildur Johnson, of Duchesne, second demi chapeau; Mrs. Lettie F. Manning, of Ogden, le surintendant; Mrs. Eleanor Nelson, of Logan, le secretaire; Mrs. Lovina Bundy, of Ogden, Archivist; Mrs. Hannah Smith, of Ogden, l'aumonier; Mrs. Loretta Ambler, of Ogden, l'ecoleger.

Mrs. Alice Gordon, of Kansas City, Mo., national chapeau, who spoke at the conference, told of welfare work being conducted by the organization to do away with tubercular diseases among children in most cities of the United States.

Barclay—Mrs. R. E. Hancock, of 2368 Monroe avenue, reported to the police station today that her home was entered Sunday evening and \$7 stolen.

To Wed—Floyd Edward Prece and Betty Vander Linde, both of Ogden, obtained a marriage license today from the Weber county clerk. A license was obtained late Saturday by David Arthur Berrett and Grace Clark O'Neil, both of Salt Lake City.

Booked—W. C. Bradford, 40, of Garland, was booked at the Weber county jail today on a charge of overloading his truck, and posted \$5 bail. He was arrested in North Ogden by State Highway Patrolman H. B. Brown.

Sailor Gives Life To Rescue Girls

CHICAGO, Aug. 20. (UP)—Because a navy minister man valued his own life less than those of two girls he never had seen before, Miss Dorothy Strand and her sister, Bernice, were recovering today from a harrowing experience with Lake Michigan's undertow.

Their sailor rescuer, Fernald Prosser of the U. S. S. Maryland, was dead—drowned after holding them afloat until a life guard came to their aid.

The girls were whipped out into the lake by the undertow of a heavy sea. Prosser went to their aid while other bathers summoned a life guard. Despite the strong waves he was able to aid them until the guard reached them and towed them to shallow water.

Before the guard could return for him Prosser sank. His body was recovered 30 minutes later.

TAX QUESTIONS, ANSWERS BEGUN

Valuation of Utilities and Other Property Studied

BOISE, Aug. 20. (AP)—Roy Dodge, tax advisor of the board of equalization, and E. M. Sawyer, tax agent of the Oregon Short Line, today renewed their "question and answer" series before the board: the annual meeting held to determine tax valuation of utilities and other property.

Today's questions by Dodge hinged on the relationship of the Pacific Fruit Express to the Union Pacific system, and the investigator insisted that as a guide to the board the company should report what agency fixes the rates paid by the Union Pacific to various car companies for use of their cars on the system.

Dodge did not state whether he considered the charges low or excessive, but asserted the amount paid to the Pacific Fruit Express, partly owned by the Union Pacific, would have a bearing on the latter's earnings and would thus be reflected in its tax valuation in Idaho.

At Dodge's request, the board asked the company to supply the information.

The two score assessors sat around the hearing awaiting their turn to be interrogated about assessed valuations they placed upon property other than utilities. Railroads and other utilities are assessed for taxation by the board of equalization and the amount divided among the counties on a mileage basis.

Siamese Twin To Ask For Chicago Wedding

CHICAGO, Aug. 20. (UP)—Violet Hilton, the romantic half of the "Siamese twins," decided today to find out what her chances of marriage are in Chicago.

She said she and Maurice Lambert, 20, would go to the county building and seek a marriage license.

One of their witnesses, of course, will be Daisy, the other twin. Violet and Lambert were frustrated by authorities when they sought a marriage license in New York.

Booked—W. C. Bradford, 40, of Garland, was booked at the Weber county jail today on a charge of overloading his truck, and posted \$5 bail. He was arrested in North Ogden by State Highway Patrolman H. B. Brown.

ARMY PLANES LAND AT CAPITAL, FROM ALASKA

WASHINGTON, Aug. 20. (AP)—Ten army bombing planes comprising the Alaska flight squadron landed at Bolling field today, completing their 10,000 mile round trip to the north.

Secretary Dern congratulated Lieutenant Colonel H. H. Arnold, flight commander, on the success of the venture.

"You have forged a new link between Alaska and the people of the United States," he said. "You have demonstrated anew the skill and daring of our army and its fliers and the thoroughness of their training."

Several hundred people cheered the fliers as they swooped to earth after circling the city.

As a result of an amendment to the Air Commerce Act of 1926, the department of commerce has been given the authority to pass on the airworthiness of parachutes.
